

Trading Post

Linda Li, Arthur Lee

4/15/2014

Overview

- Cashless trading platform
- Concentrated on physical items
- Game-like trading interactions
- Reputation-based

Progress (expected)

- Completed back-end and unpolished front-end
- User registration and authentication
- Item catalog
- Basic trading requests

Progress (actual)

- Completed back-end and extremely rudimentary front-end
- User registration and authentication
- Preliminary item catalog
- Trading screen
- Q&A, messages

To be completed

- UI/frontend
- Trading functionality, technicalities

Demo

Q&A
